## **A BIT ABOUT MY SELF**

I am a friendly, cheerful person that loves the work I do. I am also trustworthy and responsible - always ensuring I consider all options and outcomes before making a decision. I know that to be respected you have to respect and that give must come before take. I like to talk to people so that my sights can be broadened and that I can be more acceptant of others and gain a deeper understanding of people.

During my leisure time I like to read, paint and listening/making music. I enjoy spending time with my family and friends in the weekends.
